

rktlet

A Kubernetes Container Runtime Interface implementation using rkt as the main container runtime

runtime dependencies	rkt
make dependencies	libgtk2.0-dev
	libhdf5-dev
	libhwloc-dev
	python
	librrd-dev

Pré requis

```
apt install libgtk2.0-dev libhdf5-dev libhwloc-dev librrd-dev
```

Recette

```
mkdir /data/buildroot/package/rktlet
cat > /data/buildroot/package/rktlet/Config.in<< 'EOF'
config BR2_PACKAGE_RKTLET
    bool "rktlet"
    depends on BR2_PACKAGE_RKT
